

**Steele Canyon High School**  
**A California Charter School**

**2008 - 2009 Ad-Hoc and School Site Committees**

From the very beginning as a Grossmont District school, to its formation and transformation into a Charter School, Steele Canyon High School was founded upon a belief in collaboration. In continuing this treasured tradition, Steele Canyon High School has formed the ad-hoc and school site committees listed.

If you are interested in sharing your talents on any of these ad-hoc or school site committees, please feel free to contact the chairperson currently listed via e-mail or by phone. All of the committees are listed in the same format showing (if appropriate) the team member for each group, or stakeholder, on campus and within the Steele Canyon High School community.

# Negotiations Ad-Hoc Committee
